ICMSMT 2021

Materials science and manufacturing process is one of the significant symbols of modern day's high-tech revolution. The technological developments in the materials science paves the road for advancements in materials science and manufacturing technology across the world. Materials are the key factor for the emerging industries of all kind. In order for new material to get the actual application, exquisite preparation and manufacturing must be processed. No doubt manufacturing is critical in every walk of life. With rapid development computer technology, communications technology and network technology, traditional manufacturing process has evolved to intelligent manufacturing which is more intelligent, more precision and more efficient.

Call for papers

ICMSMT 2021 invites full length original research contributions from science, engineering professionals from industries, R&D organisations, academic institutions, government departments and research scholars from across the world. Full length original research contributions and review articles not exceeding six pages as per the IOP Science manuscript template shall be submitted. The manuscript template shall be found in the downloads section. The manuscript should contribute original research ideas, developmental ideas, analysis, findings, results, etc. The manuscript should not have been published in any journals/magazines or conference proceedings and not under review in any of them. Further the manuscript should contain the name of the corresponding author with e-mail id and affiliation of all authors.

Softcopy of the full length manuscripts (in .pdf format) shall be submitted to icmsmt2021@gmail.com

Topics (but NOT limited to)

Materials Science

Advanced materials
Biomaterials
Composite materials
Energy storage and conversion materials
Renewable materials
Functional materials
Nano materials
Building materials
Chemical materials
3D materials
Cryogenic materials
Polymer science
Smart/Intelligent materials/Intelligent systems
Optical/Electronic/Magnetic materials
Automation, control and information technology
Magnetic materials and smart materials for specific applications
MEMS and structural control
Active materials in MEMS applications
Materials property and characterisation
Thin film technology
Electronic materials
Electrical Engineering
Electronics and Communication Engineering
Computer Science and Engineering

Manufacturing Technology

Aerodynamics
Manufacturing systems and simulation
Machine design
Machinery dynamics
Nanotechnology
Mechanical dynamics and vibration
Mechanical strength
Mechanical design
Casting technology and equipment
Welding technology and equipment
Plastic processing technology
Cellular manufacturing
Advanced manufacturing processes
Laser processing
Automation
Industrial automation and process control
Intelligent controllers
Virtual instrumentation in automation
Machine vision system
Industrial robots and automation
Controllers and distributed control system
Embedded system
Sensors for automation
Vibration engineering

Publications

The book of proceedings of ICMSMT 2021 with all the accepted papers will be published in the following IOP Conference Series

IOPscience

Materials Science and Engineering
A Conference Proceedings Journal

Indexing and Abstracting

The book of proceedings of ICMSMT 2021 will be indexed in
Conference Proceedings Citation Index – Science (CPCI-S)
(Thomson Reuters, Web of Science)
EI - Compendex
Scopus
Inspec
Chemical Abstracts Service
INIS (International Nuclear Information System)
NASA Astrophysics Data System
SPIRES
VINITI Abstracts Journal (Referativnyi Zhurnal)

Selected papers of ICMSMT 2021 will be published in the **special issue of**

Materials Science Forum Journal

ISSN : 0255-5476 (print); 1662-9752 (online)
Scopus h-index: 68

Indexing and Abstracting
